# Visu Sitka

Version: 2023.01

Models: SK03, SK04, SK05, SK06, SK07, SK09

The main and indisputable advantage of this product is clearly the possibility to switch spacious bed to a seating area with a table – all in a few seconds. Other very important and practical elements are the huge storage space with a volume of more than 370 liters. This innovative model offers the option of configuring the rotation of the unit in the direction of travel or the opposite. That means you can access the table either from the side or from the back door (second version is especially suitable for the longest versions of cars, where Visu Sitka fits behind the 2nd row of seats).

## Materials and equipment

### Bed, seating and storage space

steel frame with hinged cover plates with black HPL laminate, HPL laminated table and folding leg, quality cold foam mattress, fixing straps, 2 × textile bag

## Compatibility and dimensions

# Visu Sitka Plus

Version: 2023.01

Models: SP03, SP04, SP05, SP06, SP07, SP09

A big Plus of the module is the clever design of the storage space. It offers the total amount of 370 litres and thanks to four hinged lids, you can access it any time. The detachable bags also allow you to pack everything at home and just snap it to the car.

## Sitka Box Plus

Optional equipment for Sitka Plus that make more storage and working space in the back. Sitka Plus can be used with or without Box.

## Materials and equipment

### Bed, seating and storage space

steel frame with hinged cover plates with black HPL laminate, HPL laminated table and folding leg, quality cold foam mattress, fixing straps, 4 × textile bag
